

What you get when you chose Air Take Photography

- We stay in contact to arrange a suitable time with suitable weather conditions
- With two people working on site, it means we work efficiently to give you as many options as possible in the time frame
- With the live images streaming down to the laptop, you can get the pictures you want
- Other mast photographers charge for extras such as for extra set ups, or extra for CDs etc. With our packages, there are no hidden extras
- We do not charge for general photo enhancements such as levels etc
- Depending on the package you choose, You have the option to avail of photo enhancement and an A4 print of your favourite picture
- Many photographers do not give you the digital format of your pictures. We, however, give you all the pictures taken on site in digital format, allowing you the freedom to do a multitude of tasks with the pictures and you will always have them
- The amount of photos you receive in digital format can vary between 20 to 40 photos.
- We have found that past customers have used the digital photos for a multitude of purposes as well as a wall hanging, some household customers have used them to support house extension planning applications, insurance claims as well as emailing and presenting gifts to family members.
- We have a selection of lenses to use on the camera, the most commonly used one is the wide angle lenses which enables us to capture a wider area up close
- We can offer you panorama type pictures of your property
- Free postage to send completed photo and CD
